

## Suggestions on portable sleeping items.....

Available at Target

### Item # 1 Overnight cot

Priced at \$59.99 at Target

The cot has an air mattress attached on top. A battery run or hand, air pump will need to be also brought to the shelter to inflate air mattress top.

### Item # 2

Available at Wal-Mart, drug stores and grocery stores  
Folding chaise lounge

Priced from \$14.00 to \$70.00  
(shown a chair from SEARS)

Lightweight and very portable, some have thick cushions already attached. Those without a pad, I suggest a rubber mat to be laid on top of lounge.

### Item # 3

Aero Bed

Priced \$ 69.00 to \$ 300.00 depending on size

Available at high-end department stores, sporting goods stores or mail order

Must have electric air pump or style that is self-inflatable.
