A description of the budget preparation philosophy and process, historical information, descriptions of the services provided, and a description of the budget structure and governmental (fund) accounting are included.

The County's total budget is summarized by revenue sources, appropriations by category, and fund. Also included are summaries of Countywide or Non-Countywide Programs, Budgeted Employee Positions, and charts depicting the summaries listed above.

Department, Office, and Agency Budgets

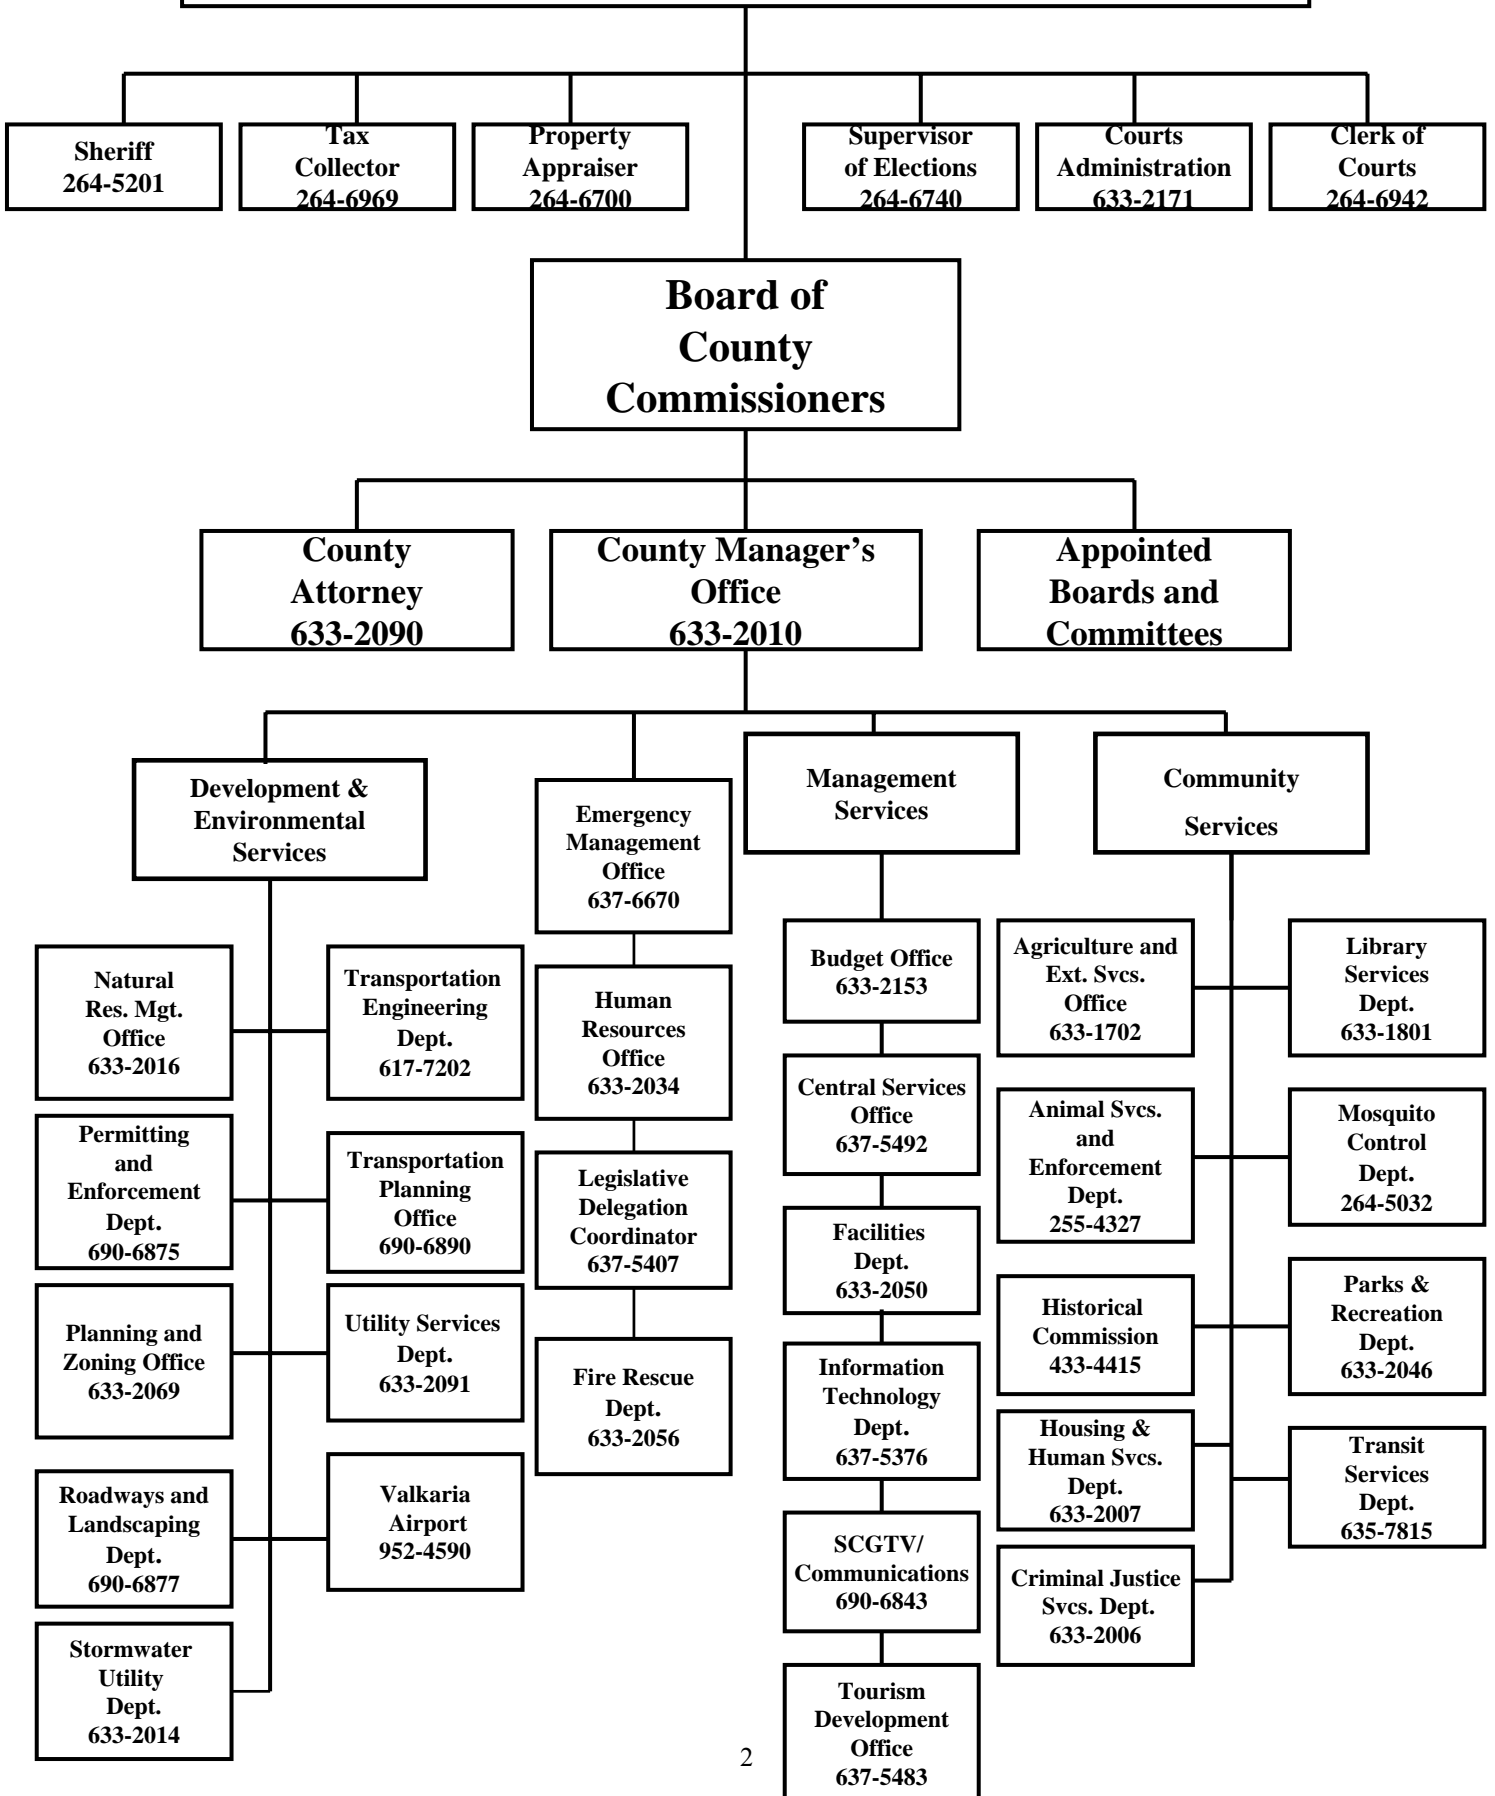

Included in each segment is an organizational/functional chart of each department, office or agency. This is followed by a Departmental Summary, which provides an overview of the Department's mission and budget and a list of the programs provided by the agency. A summary of the Department's budget is followed by Program Profiles of the various programs which comprise the departmental operations. Included in the Program Profile is a summary of the budget for that program and a listing of the major services included in the program. Also included in the Program Profile are "Internal Service Costs," which represent the allocation of management and shared support costs to the various programs. In a few instances, Program Profiles are further divided into "Service Level" presentations which follow the Program Profile.

The various departments, offices or agencies are presented in alphabetical order within several broad categories which include: *Board of County Commissioners* directed agencies; the operating agencies which comprise the *Charter Officers* of the County; the operating entities which comprise the County-funded portion of *Court Operations*; and the *Outside Agencies* which comprise the subordinate component units of the County government of Brevard County, Florida, as well as those private agencies which provide services which might otherwise be direct functions of the County.
