

BREVARD COUNTY HOUSEHOLD USED SHARPS COLLECTION PROGRAM

The disposal of sharps (including needles and lancets) in the trash or sewer is prohibited by law. Brevard County Household Used Sharps Program offers an approved method for the safe disposal of sharps generated by people who inject medication at home. All residents who administer medication by injection at home should participate in this program for the safety of all citizens and visitors to Brevard County.

Participation in the program is available at no additional cost to the home user. However, the use of proper sharps containers is required to participate in this program.

How the program works:

1. Pick up an approved sharps container available at **NO COST** from any of the collection sites or pharmacies listed in this brochure. Coffee cans, laundry detergent bottles, soda bottles, etc. **will not** be accepted for disposal.
2. Do not overfill the container.
3. Securely seal the container.
4. Bring the full container to one of the **collection sites** listed on the inside of this brochure.
5. A new, empty container will be provided for each container disposed.
6. If no one is available at the site to assist you, please go to a different collection site or return another time. **DO NOT** leave sharps containers unattended.

**FOR MORE INFORMATION CALL:
(321) 633-2042**
