ARTICLE III - PROCEDURES FOR REVIEWING AND COMMENTING ON DEVELOPMENT ORDERS

1. **Joint Planning and Review Area Created.** This area shall be such land as identified in Exhibit "A". It is contemplated that from time to time portions of the unincorporated JPRA shall be annexed into the City. As real property within the area depicted as

unincorporated is annexed into the City, it shall be unnecessary to amend this Agreement or Exhibit "A." Notwithstanding what the Exhibit "A," or any other map attached to this Agreement shall depict, upon annexation by the City, the annexed Parcel of Land shall be regarded as a portion of the JPRA within the City's jurisdiction. No amendment of this Agreement shall be necessary for the City to annex a Parcel of Land. Either the city or the county may suggest changes to comprehensive policies to be applied within the joint planning area or adjustments to densities or intensities in zoning or comprehensive plan designations. Those proposals may be based on limitations or changed conditions related to growth, new development, transportation, water, sewer, infrastructure or geography. Such proposals shall be reviewed by the city and county staff and presented to the governing body with the jurisdiction to adopt land use, zoning and comprehensive plan amendments in the joint planning area. The governing body with jurisdiction shall consider the suggested change or changes and afford representatives of the governing body lacking jurisdiction the opportunity to make a presentation on the suggested changes during a public meeting. After the governing body with jurisdiction concludes its consideration of the proposed changes that governing body shall either 1] instruct their staff to process the changes as formal amendments as presented or with modifications or 2] reject the proposed changes.

2. City/County Review of Development Applications within the JPRA. In addition to the evaluation and comments normally prepared by the City or County agency initially accepting an application for a Development Order, any comments submitted by the agency of secondary jurisdiction in their review of a copy of said Development Order application shall be considered by the agency of primary jurisdiction in its review of said Development Order including examination of the relationship between the application, the City and County's Comprehensive Plans, and this Agreement.

3. Forwarding of Development Order Applications from the County to City and City to County. The City and the County, within five (5) calendar days of receipt of any applications or preliminary plans associated with an application for a Development Order including infrastructure or utility improvement plans within the JPRA, shall provide notification of such application materials to the designated planning/zoning office of the other party as described in Section 6, Article V herein. The notification shall include a location description, parcel identification number, and a brief description of the proposed project, including proposed future land use, zoning designation and, if available the number of residential units, and square footage. The City or County may request a meeting to discuss the effect of such development on the neighboring jurisdiction subject to this Agreement.

The primary jurisdiction shall at a minimum provide a copy of the site plan to the neighboring jurisdiction within 5 days of their request, in accordance with Section 6, Article V herein.

The County/City staff shall provide to the City/County its comments on proposed annexations and applications for a Development Order generated within the JPRA, within ten (10) calendar days of receipt of site plan package of said applications. No final decision on such Development Orders by the agency of primary jurisdiction shall be considered until receiving comments from the neighboring governmental jurisdiction, provided said comments are received consistent with the timeframe established within this Agreement.

If a written letter of objection is submitted by the neighboring jurisdiction to the party of primary jurisdiction within fifteen (15) calendar days after receipt of a particular Development Order plan or application copy, then the processing of said plan or application by the agency of primary jurisdiction shall be delayed for a period not to exceed fifteen (15) calendar days to permit time to resolve the concerns noted. The noted time frames may be extended by consent of both parties in order for the City staff and the County staff to meet and review the objecting party's comments. The noted time frames may also be extended by consent of both parties in order for the elected body of secondary jurisdiction to consider such development order application during its next available public meeting. If the secondary jurisdiction considers the Development order at a public meeting, applicants for the proposed Development Order shall be given written and/or telephonic notice of the time, date, and place of the public meeting of the elected body of secondary jurisdiction. The Applicant shall be given an opportunity to be heard at said meeting.

Such comments may include, but may not be limited to: the existing or proposed Future Land Use or zoning designation(s) or residential density on the subject property; development standards related to signage; landscaping; land clearing; provisions for and connections to open spaces; parking; traffic volumes or traffic distribution patterns potentially generated by the proposal; drainage conveyance from the proposed development; whether the development can or will be served by public sewer or private septic systems; whether the development can or will be served by private well or public water services; service inefficiencies created by unincorporated enclaves; post-annexation maintenance of adjacent rights-of-way and drainage systems.

If the city and county staffs cannot resolve objections deemed to be major objections, the governing body of either the city or the county may request a joint meeting with the other governing body to attempt to resolve the objections. Both the County Commission and the City

Council agree to convene and attend such a meeting within ninety days after a formal request for such a meeting has been made.

4. Development Orders within the City's portion of the JPRA. The governing and/or administrative body of the City shall consider the comments of the County in the City's evaluation of Development Orders occurring within the City's portion of the Joint Planning and Review Area shown on Exhibit "A". The final decision is that of the governing and/or administrative body of the City.

5. Development Orders within the County's portion of the JPRA (including Pre-annexation Agreements).

a) Land Development.

The governing and/or administrative body of the County shall consider the comments of the City in the County's evaluation of an application for a Development Order occurring within the County's portion of the JPRA as shown on Exhibit "A". The final decision is that of the governing and/or administrative body of the County.

b) Pre-Annexation/Water/Sewer Service Agreements.

When reviewing any Development Order plans or applications for properties within the County portion of the JPRA which are, at the same time, also bound by a City of Titusville Pre-Annexation/Water/Sewer Service Agreement, the City shall attach staff comments and forward such plans/applications directly to the County. Formal review of said plans/applications along with the permitting, inspection and issuance of Certificate of Occupancy on such properties shall then be the responsibility of the County and such properties shall incorporate any supplemental development criteria, if any, stipulated within the City of Titusville Pre-Annexation Agreement.

6. City of Titusville Urban Services Area Delivery. Areas within the County portion of the JPRA may be considered for municipal services. Delivery of these services shall be at the discretion of the City, in accordance with applicable ordinances, and require a pre-annexation agreement or, if contiguous to the City boundary, annexation into the City in order to receive municipal services. By executing this agreement the city does not assume any obligation to provide water service to any property outside the city limits.

ARTICLE IV – ANNEXATION PROVISIONS

1. Annexation of enclaves.

a) **Enclaves less than 10 acres and improved.** The County consents to the annexation of the properties identified on Exhibit "C" attached hereto pursuant to Chapter 171.046, Florida Statutes (2003) upon condition that the City agrees to assume maintenance responsibilities for all local roads within the annexed area. These properties will be considered annexed as of the effective date of this Agreement and be included within the municipal boundaries of the City of Titusville.

b) **Annual review of enclaves.** The County and the City agree to an annual review of enclaves, in January of each year, for determination of elimination of service duplications meeting the statutory requirements for annexation of enclaves in FS 171, and agree to the use of the mechanisms therein to eliminate these enclaves.

c) **River's Edge Drive Planning Area.** Attached is the Titusville small area plan for the River's Edge Drive area. The River's Edge Dr. area is hereby designated as a joint planning area and the County and City agree to implement the proposed plan for that area.

2. **City and County Joint Cooperation for Infrastructure Maintenance Responsibility Transfers from County to City.** In those areas where both jurisdictions have maintenance responsibilities for the maintenance of roadways, road rights-of-way, and drainage systems and facilities relating to the same road, the City and the County will work cooperatively, sharing expenses relating to said maintenance. These expenses will be proportioned according to the percentage of the infrastructure within the respective jurisdiction.

Except for those roads provided for in Article IV section (1)(a) and in the immediately preceding paragraph above future maintenance responsibility of roads and road rights-of-way, drainage systems and facilities transfers from the County to the City of such roads and road rights-of-way, traffic control, drainage systems and facilities, street lights, traffic signals as appropriate, etc. shall require a separate agreement between the City and the County. Until this Agreement is modified pursuant to Article V below, the County agrees to continue to maintain all roadways or segments thereof, traffic control, drainage systems and facilities within the JPRA currently maintained by the County.

ARTICLE V - GENERAL PROVISIONS

1. Disclaimer of Third Party Beneficiaries. This agreement is solely for the benefit of the parties executing this Agreement and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a formally named party hereto. If no Agreement is negotiated during the 90-day period or during the conflict resolution process, the terms of this Agreement shall continue to govern and remain in full force and effect. Should the City or the County seek judicial review of this Agreement, or to enforce this Agreement, the City and the County recognize that venue will be properly located in Brevard County, Florida for any action regarding this Agreement. The failure of any party to this Agreement to enforce any provision contained herein shall in no event be deemed a waiver of its rights to thereafter enforce this Agreement. Utilization of one remedy to enforce this Agreement shall not be deemed the only method by which to enforce the provisions of this Agreement.

3. Severability, Construction and Interpretation. In the event that any section, subsection, sentence, clause, or word of this Agreement shall be held by a court of competent jurisdiction to be partially or wholly invalid or unenforceable for any reason whatsoever, any such invalidity, illegality, or unenforceability shall not affect any of the other remaining Articles, sections, subsection, sentences, clauses or words of this Agreement, and this Agreement shall be read and/or applied as if the invalid, illegal, or unenforceable section, subsection, sentence, clause, or word did not exist. This Agreement was mutually negotiated by all parties who have executed the same. Consequently, it is the intent of the parties that no provision shall be more harshly construed against either party as the drafter hereof.

Either party may terminate this Agreement by delivering written notice to the other party of its intent to terminate this Agreement at least sixty (60) days prior to the intended date of termination, provided that if the governing body of either the city or county elect to request a joint meeting with the other governing body on the issue as to whether the agreement should be terminated or amended in lieu of termination, such sixty (60) day period shall not begin to run until a joint meeting between the governing bodies is convened and concluded. Thereupon, a written notice of termination shall be executed by both parties to this Agreement, filed with the Clerk of the Circuit Court, and recorded in the Public Records of Brevard County, Florida.

b) Amendment. This Agreement may be amended at any time provided that at least a numerical majority of the total membership of both City and County governing bodies authorize said amendment.
